

The haunting, yet whimsical quality of this piece, almost folk-like in nature, is truly refreshing. Its sung from the viewpoint of a wanderer who's returned home to share all of his/her experiences. The ending is bittersweet, because the wanderer once again goes on his/her way. Included are positive references to friendship, nature, and growing up. A delightful accessible change of pace. / Educational Octavo / Three-part mixed, Piano / Optional Performance/Accompaniment CD / Concert
