

In the Time of Dragon Moon

A rich medieval fantasy novel from an author whose work has been called TRULY ORIGINAL . . . FANTASY AT ITS BEST. A perfectly crafted combination of medieval history, mythology, and fantasy, set on Wilde Island, featuring Uma Quarteny--a half Euit and half English girl, who has never been fully accepted by her Euit tribe--and Jackrun Pendragon--a fiery dragonrider with dragon, fairy, and human blood. On the southernmost tip of Wilde Island--far from the Dragonswood sanctuary and the Pendragon Castle--live the native Euit people. Uma wants to become a healer like her Euit father. But the mad English queen in the north, desperate for another child, kidnaps Uma and her father and demands that he cure her barrenness. After her father dies, Uma must ensure that the queen is with child by the time of the Dragon Moon, or be burned at the stake. Terrified and alone, Uma reaches out to her only possible ally: the king's nephew Jackrun, a fiery dragonrider with dragon, fairy, and human blood. Together, they must navigate through a sea of untold secrets, unveil a dark plot spawned long ago in Dragonswood, and find a way to accept all the elements--Euit, English, dragon, and fairy--that make them who they are.
