

Counselling in a Multicultural Society (Multicultural Counselling)

^The book aptly describes, explores and hits the core of very complex issues around race, racism, culture, difference, dual identity, stereotypes, immigration and alienation... It is also very thought-provoking, raising questions about ones own ability to work more flexibly in the consulting room with clients of different backgrounds... It is excellent for a directory of resources, useful for training purposes and an enabling role model for good practice in counselling in a multicultural society. I enjoyed it... It should be a required handbook on the shelf of every caring professional working within a multicultural environment or setting - Transformations, The PCSR Journal This book examines the many comp
