

This in-depth look at Bloodborne Pathogens, suitable for OSHA and JCAHO training for both healthcare workers and other types of workers, starts by covering OSHA issues such as requirements, work practices, and records. It then gives extensive coverage of AIDS, Hepatitis B, Hepatitis C, and other diseases. Prevention and treatment are covered thoroughly. Estimated time: 4-6 hours. 317 pages on CD. 88 pages in the manual include a convenient reprint of OSHA regulations. The manual accompanying the CD provides a summary of the major points of the CD in a handy format. You must have Internet Explorer 4.0 or higher running on your computer. Supported operating systems are Windows 95, 98, 98 SE, ME, 2000, or XP. The CD is licensed to play once on any Windows computer; the borrower may purchase the program after that. One library reference activation is included in the price.

The Sunday Times Rich List 2006-2007: 5,000 of the Wealthiest People in the United Kingdom, Transplantation Surgery (Springer Specialist Surgery Series), HVAC & R Hands on Troubleshooting, His Eye Is On The Sparrow: 365-Day Devotional, The Cost of Mining: A Discussion of the Production of Minerals with Remarks On the Geologic, Social and Economic Foundations Upon Which It Rests,
