

Through the Mists

Wakiza barely had time to catch his breath before they were galloping along the surf. The cold water splashed Wakizas legs as they barrelled headfirst towards Running Bear and his charging black stallion, like two medieval knights of old about to joust to the death. Abruptly, Wakizas own thoughts were blocked out by the angry words of Running Bear. I warned you Brother. Now it is too late. Grizzly must kill Sabertooth once again. There is not room for both of us, and you must die. Tawiskaron has spoken. And so begins the final climax of Wakizaa quest in the novel Through the Mists.
