

Wonderland Revisited and the Games Alice Played There

Excuse me, said Alice to a small grey Mouse in red shorts. What precisely is a custard race? -- Did Alices Adventures in Wonderland and Through the Looking-Glass leave you yearning for more? Join Alice on a new journey and meet the extraordinary inhabitants of Wonderland, both familiar and new. If your bed turned into a boat, and you found yourself drifting off in an entirely unexpected manner, how would you find your way home? The Jack of Diamonds says its Alices own fault for being fast asleep -- had she slept more slowly, she wouldnt be so far from home! The Red Queen, the Mah-jong Dragons, even the Red Kings Gamekeeper, all seem helpful enough at first -- but things never quite turn out the way Alice hopes! Brimming with word-play, nonsense verse, and a cast of eccentric characters each with a unique and peculiar logic, this tale is faithful to the style of the originals, picking up the pen where Lewis Carroll put it down. Be swept away on a torrent of humour and madness. Alice is back!
